

# ITOUR NEC GUIDE

The new itour NEC Guide is a unique and robust Android smartphone offering a range of modular options combinable as needed:

- **DECT Telefon:** Phoning on board a ship or inside a hotel
- **City Guide:** Exploring a city independently with audio guides
- **River Guide:** Sightseeing from on-board while cruising down a river
- **Tour Guide:** Sender/receiver for group tours with a live guide

The following options will be available shortly:

- **Personal Travel Info:** An overview of current information
- **Messaging System:** Personalised communication system
- **News Reader:** Daily news updates from various regions
- **Keyless Access:** Keyless access system with attendance check

The itour NEC Guide menu is very user friendly, and easy to understand for all age groups. Specially designed icons allow users to switch intuitively from the phone function to the City Guide, River Guide, or Tour Guide, or one of the other functions.

The itour NEC Guide can be customised for corporate designs, and is simple to tailor to include additional customer functions.

The itour NEC Guide also offers itour's comprehensive service package for professional hire with such benefits as European-wide delivery of devices and new headphones on request at any time.
